ABOUT FAMAS TRADE & ENGINEERING

FAMAS Trade and Engineering was founded in 2015 with a clear vision, strong Company philosophy of loyalty, commitment and complete dedication towards its objectives. As a result, the Company is achieving its position as one of the biggest, experienced, leading and professional business concern in its field of business. FAMAS Trade and Engineering is a company in Bangladesh that is mainly focusing on textile and garments machineries and spare parts all over the Bangladesh market.

With efficient handling of business transaction between buyers and sellers, FAMAS has achieved a credible reputation as dependable and reliable agent.

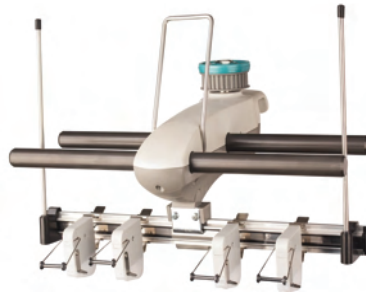

Customer's satisfaction, effective solution to their needs, after sales service and strong relationship with customers; and past track record provides the backbone of FAMAS success and developments.

Knowledge on market situation, professional approach, appropriate response, hard work and commitment to quality service of the entire working force has been helping the Company for its continuous growth and progress.

The future plans of the Company have been guided by the experience, knowledge of global and local market situation and very comprehensive vision. Thus, with meticulous professional management and teamwork the Company is prepared to accept and encounter any challenge it may face on its way of progress and developments. FAMAS is in continuous search for newer meaning of business, technological and intellectual advancement to serve its buyers and sellers always in a better way.

SINGLE JERSY CIRCULAR KNITTING MACHINE

Adopt four track cams, high speed performance with stable, high production. With central adjustment device to make the weight adjustment easier and more accurate. Multifunctional machine, single machine could convert to 3 thread fleece machine or terry machine by changing parts.

Model	Dia	Gauge	Fedders
XLK	14"- 42"	7-44G	3-6F/Inch

SINGLE JERSY OPEN-WIDTH CIRCULAR KNITTING MACHINE

Adopt four track cams, high speed performance with stable, high production. With central adjustment device to make the weight adjustment easier and more accurate.

XINLONG
CIRCULAR KNITTING MACHINE

Model	Dia	Gauge	Fedders
XLK	28"- 42"	7-44G	3-6F/Inch

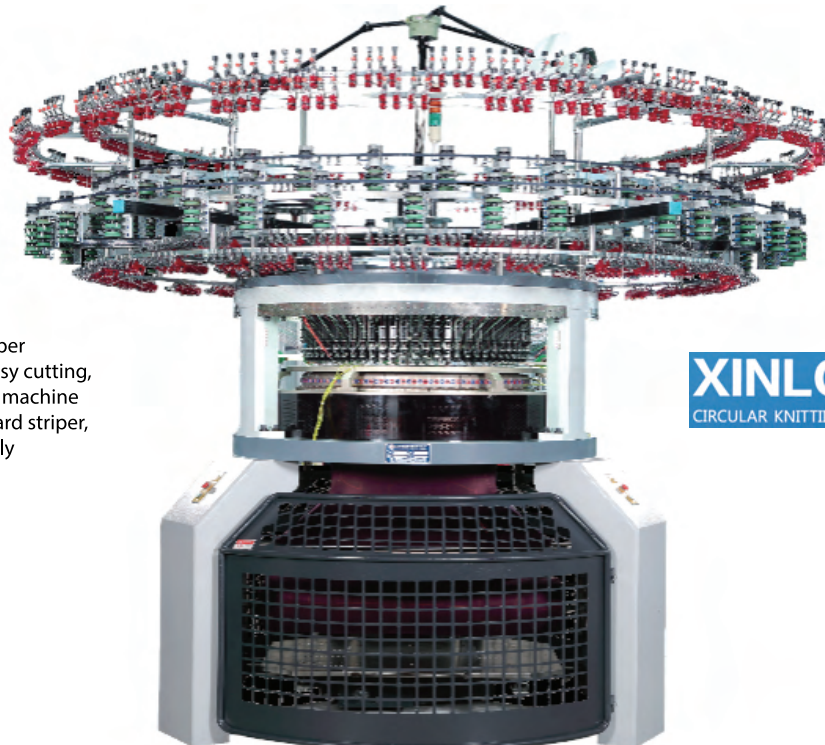

DOUBLE JERSY OPEN-WIDTH CIRCULAR KNITTING MACHINE

With 2 track dial and 4 track cylinder cams. Cams can be adjusted independently. Top and bottom gears adopt oil-soaking design which prolong machine long life. High speed performance with stable, high precise, high production

Model	Dia	Gauge	Fedders
XLH	28" - 42"	7-44G	1.8-3.2F/Inch

SINGLE JERSY COMPUTERIZED JACQUARD WITH AUTO STRIPER (4/6 COLOR)

This machine adopts the vertical striper which can change colors freely, and easy cutting, easy cleaning, clamp yarn firmly. This machine combines single computerized jacquard striper, also could be operated independently to reach different requirements.

Model	Dia	Gauge	Feeders
XLA-F	28" - 38"	18-32G	54-76 F
